Cart-King International
1001-125 Keith Rd. West
North Vancouver BC
V7M-1L2

To Whom it may concern,

La Costa Resort and Spa purchased a kiosk from Cart-King International in May 2008. The cart we were looking for had to be functional for selling as well as aesthetically conducive to fit our Spanish resort feel. Mike Boyd at Cart-King International was instrumental in the design and look for our cart and was extremely flexible in the creation process and fitting with our demanding needs. Mike even accommodated some last minute changes in the tenth hour that were critical to the final result. What we ended with exceeded our expectations and was the perfect venue for our resort pool to sell retail.

The professionalism of Mike Boyd and his team made the process very easy from design to installation. In the consistent communication through each phase of the fabrication to the follow up after the kiosk was installed.

We are currently enjoying lots of success with additional revenue due to the ease and functionality of our pool kiosk from Cart-King.

I would highly recommend to any business needing to add an outdoor retail area to consider Cart-King.

Best Regards,

Steve Shain
Director of Retail
La Costa Resort & Spa
