Dear Sirs;

Re: Cart-King carts

The 12 Cart-King carts that were purchased and placed in our Tsawwassen Quay Market have proven to be excellent sales generators. The layout and ease that the merchants have in storing and selling their products have proven to be very successful. The retail sales that are currently being enjoyed from the carts have surpassed all expectations. As a result of their success we took 4 Cart-King carts to the Lonsdale Quay Market and are now enjoying similar success.

I would like to pass on my appreciation to have had the opportunity to have purchased carts from your Company, Cart King, and the professional manner in how we were treated by Michael Boyd and his team in the initial cart design, the on going consultation, and the follow up after the carts were delivered.

I look forward to purchasing products again from your company and if you ever require a reference, please feel free to pass on my name to any potential customer.

Regards,

Gary Mathiesen
President
Tsawwassen Quay Market Corp.
