

Western Athletic Clubs

July 28, 2009

Cart-King International
1001-125 Keith Rd. West
North Vancouver BC
V7M-1L2

To Whom It May Concern:

Western Athletic Clubs recently purchased 3 retail kiosk units from Cart-King International in June 2009. These poolside carts were designed to be functional for selling multiple types of resort products along with food, beverage and freezer items. Cart-King played an instrumental role in helping with the design and was extremely flexible in the process. Mike Boyd and the team at Cart-King made the design of our kiosks to installation of the units completely seamless. They were highly responsive and timely with their services. We are currently experiencing much success with our new retail revenue centers along with the ease and functionality of the units. Western Athletic Clubs highly recommends Cart-King International to anyone looking for a professional cart or kiosk design.

Regards,

Donna Burch
Corporate Buyer/Director of Retail
